

SUSTAINABILITY STATEMENT

Pharmaforce (Pty) Ltd is committed to enhancing access to medicines and providing reliable supply of quality products in offering healthcare to people and impacting their quality of life. We continuously strive to stay ahead of the latest trends affecting our industry and therefore remain responsive to the changing needs of our customers. We are dedicated to creating a healthy and safe work environment, where everyone is treated fairly, with respect and have the opportunity to develop to their full potential. We are devoted to the work, Company, colleagues, and the broader societies in which we serve. All decisions and actions are guided by the highest level of ethics and accountability as we strive for excellence in everything we do. Pharmaforce will not exploit resources, and we are committed to practicing responsible environmental stewardship, seeking to minimize any negative impact our operations may have on the environment and to comply with applicable laws, regulations and other environmental management requirements.
